Quote

We congratulate the citizen of the country for spontaneous response to the 2-day General Strike at the call of Joint Platform of Central Trade Unions and independent Federations. This twenty first general strike is one of the biggest strikes in the history of country surpassing even the strike on 26 Nov 2020 in terms of participation.

In different areas it was a bandh like situation with closure of shops, markets, establishments and suspension of public transport. The common people expressed their dissatisfaction over the economic policies being pursued by the NDA-II Govt which brought disastrous effects on their lives and livelihoods.

We congratulate the bank employees for participating in the strike which had widespread impact on PSBs, PVBs, foreign banks, cooperative banks, grameena banks. We are thankful for the support and solidarity extended by AIBOC, INBOC, AIRBEA, AIRBWF, AINBEA.

We understand that the present Govt, blatantly pro-corporate, is unlikely to draw any lesson from such immense strike action by the toiling masses. Hence, we must not let up our opposition to the anti-people policies in general and move for bank privatization in particular. We should consolidate ourselves more and more in the struggle ahead as well as make the common people aware about the imminent danger of such detrimental policies.
